🌐 farahyasserr

Summary

Senior React Native Engineer with **7+ years of software engineering experience**, mostly **specializing in React Native** development. Experienced in building and scaling production mobile applications from architecture and design to deployment and maintenance. Strong background in **mobile architecture, performance optimization, clean code, SOLID principles, reusable component design, and release management** for both the **App Store** and **Google Play**. Skilled in collaborating with cross-functional teams, leading code reviews, mentoring engineers, integrating native iOS (Swift/Objective-C) and Android (Kotlin/Java) modules, and delivering high-quality, user-focused mobile experiences.

Experience

Senior Mobile Developer, Fuze

07/2024 – Present

Dubai, UAE

Built multiple apps from scratch, from design system and architecture to deployment and ongoing maintenance. Led the full mobile development lifecycle, including PR reviews, code quality, and continuous improvement. Using React Native and TypeScript, integrating backend systems and third-party services, and ensuring smooth releases to both the App Store and Google Play.

Software Engineer II - Mobile Developer, Qashio

03/2024 – 07/2024

Dubai, UAE

Worked on the Qashio fintech app, implementing features with React Native and TypeScript. Integrated GraphQL, REST APIs, and third-party services for seamless data handling. Contributed to code reviews, team discussions, and deployed builds to stores.

Software Engineer II - Frontend Developer, Banque Saudi Fransi (BSF)

12/2022 – 03/2024

Dubai, UAE

Contributed to a large-scale corporate project by implementing pixel-perfect UI for the JB mobile app using React Native and TypeScript. Developed and optimized reusable functions, screens, and components for efficiency. Integrated the app with GraphQL and REST APIs, alongside various third-party services. Led code reviews, provided feedback, and fostered a collaborative team environment through knowledge sharing and Lunch and Learns.

Software Engineer, RSA Security

06/2022 – 12/2022

Cairo, Egypt

- Responsible for implementing digital solutions for Archer
- Worked as full stack engineer using ReactJS, NodeJS and MySQL
- Experience working with AWS; implementing lambda functions, RDS, S3, EC2, SNS
- Implemented CI/CD pipeline using gitlab+serverless that runs test jobs using Jest and deploys to AWS Lambda function according to environment

Mobile Developer, Homzmart Egypt

03/2021 – 06/2022

Cairo, Egypt

- Implement pixel perfect UI that match designs and prototypes
- Develop, test, and maintain functions/screens/components with React Native with maximum code reusability and efficiency, Deploying app builds to the stores, Document the implemented functionalities for future reference, Integration with multiple third party services (Payfort, PayMob, Firebase), Working with Redux architecture to improve performance of the app - Working with REST and GraphQL APIs

Junior Teaching Assistant, *German University in Cairo*
Teaching CSEN202 for second semester engineering students.

09/2017 – 07/2018
Cairo, Egypt

Education

Bachelor degree in Computer Science and Engineering,
German University in Cairo

09/2016 – 07/2021

Skills

Development

React Native (CLI / Expo), Typescript, C#, EAS,
NodeJS, C, ReactJS, MySQL, Git, Redux / RTK, AWS,
CSS, HTML, Java, Python, TamagUI, CI/CD, Zustand,
Native IOS (Swift), Native Android (Kotlin),
Javascript,

App Architecture, User Experience, Unit testing, end
to end testing, web applications, Design Systems

Publications

Collaborative Coding in Robotic Visual Language, *CSEDU'21 conference*

SPORTS ACHIEVEMENTS

Best Receiver and Most Developer Player awards, *Egyptian Flag Football league*

Languages

- Arabic
- English
- German

EXTRACURRICULAR

American Football Player, Cairo Bears Team 04/2017 – Present

Organization Committees Manager, Campaigners GUC 09/2020 – 07/2021

Head of Talent Management dep., Inspire GUC 08/2019 – 07/2020

Committee Team Leader, Inspire GUC 11/2018 – 06/2019

GUC Berlin Ushering Team, German University in Cairo 10/2018 – 06/2019

Nebny GUC 2017 – 2019

GUC Graduation Team, German University in Cairo 10/2019
